PROFESSIONAL SUMMARY

Motivated and detail-oriented BCA student currently pursuing my degree, with a completed Diploma in Software Engineering. Passionate about building modern, responsive web applications with React.js, and comfortable working with component-based architecture, React Hooks, and clean, reusable UI patterns. Enthusiastic about learning new frontend technologies and eager to bring hands-on project experience to an entry-level React Developer role.

SKILLS

Technical Skills

- **Frontend Core** : React.js, JavaScript (ES6+), HTML5, CSS3, JSX
- **Styling & UI** : Tailwind CSS, Bootstrap, Responsive UI Design, Reusable Components
- **React Concepts** : Functional Components, Component-Based Architecture, Props, useState, useEffect, Event Handling, Conditional & List Rendering, React Icons, API Integration
- **Tools** : Vite, Git, GitHub, VS Code

Soft Skills

- Communication Skills
- Teamwork and Collaboration
- Time Management
- Quick Learner
- Creativity
- Work Ethic
- Interpersonal Skills
- Organizational Skills

PROJECTS

Pulse — React.js, Vite, Tailwind CSS

- Built a modern, responsive music streaming UI using component-based architecture and reusable React components.
- Implemented an interactive audio player with React Hooks (useState, useEffect) for smooth, real-time playback controls.
- Designed a custom, mobile-friendly interface with a strong focus on usability and visual polish.

Vyn — React.js, Vite, Tailwind CSS

- Developed a responsive, Google Pay-inspired payment interface using reusable, component-driven React architecture.
- Structured the UI into modular components for easier maintenance and future scalability.
- Focused on clean, modern design with consistent styling and layout across every screen.
